RESUME ORDER

OF BUSINESS: Motion made by Trustee Lewis, seconded by Trustee Smith and carried.

TRUSTEE

COMMENTS: Attorney Sauro asked about the tripping event that was on written notice and if there is a time line remediation on it and if it is a big deal. Superintendent Smith indicated that there was no time line and that the person who submitted the notice was contacted. As weather permits, the areas in question, which are the handicap areas around the mall, will be addressed.

Trustee Smith asked if once notification is received is there was a window when repairs must be completed.

Attorney Sauro stated that a “defect of hazard” has to be on written notice to the municipality. Once written notice is given, if it happened again with someone else, liability can attach under certain circumstance. Written notice is key on these claims.

Deputy Mayor Scheidweiler commended the DPW on the work they have done so far in keeping the Village an attractive place to live and in handling the snowfalls that we have had so far.
