

# Short Environmental Assessment

**This is the Village of Painted Posts Short Environmental Assessment Form.**

**Part 2 is to be completed by the lead agency. Answer all of the following questions to Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"**

---

## **PART 2- IMPACT ASSESSMENT**

1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?(required)

- ☐ No, or small impact may occur
- ☐ Moderate to large impact may occur

2. Will the proposed action result in a change in the use or intensity of use of land?(required)

- ☐ No, or small impact may occur
- ☐ Moderate to large impact may occur

3. Will the proposed action impair the character or quality of the existing community?(required)

- ☐ No, or small impact may occur
- ☐ Moderate to large impact may occur

4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?(required)

- ☐ No, or small impact may occur
- ☐ Moderate to large impact may occur

5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?(required)

- ☐ No, or small impact may occur
- ☐ Moderate to large impact may occur

6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?(required)

- ☐ No, or small impact may occur
- ☐ Moderate to large impact may occur

7a. Will the proposed action impact existing public/private water supplies?(required)

- ☐ No, or small impact may occur
- ☐ Moderate to large impact may occur

7b. Will the proposed action impact existing public/private wastewater treatment utilities?(required)

- ☐ No, or small impact may occur
- ☐ Moderate to large impact may occur

8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?(required)

☐No, or small impact may occur

☐Moderate to large impact may occur

9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?(required)

☐No, or small impact may occur

☐Moderate to large impact may occur

10. Will the proposed action increase the potential for erosion, flooding or drainage problems?(required)

☐No, or small impact may occur

☐Moderate to large impact may occur

11. Will the proposed action create a hazard to environmental resources or human health?(required)

☐No, or small impact may occur

☐Moderate to large impact may occur

### SHORT ENVIRONMENTAL ASSESSMENT FORM - PART 3: DETERMINATION OF SIGNIFICANCE

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.
